

## NADELLA GROUP ENSURES OPERATIONAL CONTINUITY

Dear Partners,

The Health of our employees, our families and business partners are our top priority.

We would like to underline first of all that Nadella has taken all the measures recommended by the authorities in order to safeguard the individuals and the community in relation to the evolution of the pandemic situation caused by CoVid-19, in all the countries where we operate.

Our Corona-Crisis Team is monitoring ongoing developments carefully securing immediate adaptations of our policies in line with upcoming needs.

The working conditions in our Manufacturing Plants are in line with the guidelines of prevention and containment provided by the authorities and therefore our Operations are ongoing, fully supported by the Staff Functions and Management that are mainly operating in Smart Working.

Therefore, we continue to serve our customers globally with the outmost dedication, confident that this difficult period can be overcome with the co-operation of all.

Nadella sales representatives and Customer Service are at your disposal for any further clarification.

Best regards

**The Management**
